Northeastern Vermont Regional Hospital

Financial Assistance Policy Summary

Northeastern Vermont Regional Hospital is a patient-centered organization committed to treating all patients equitably, with dignity and respect regardless of the patient's insurance benefits or financial resources. NVRH is committed to providing financial assistance to persons who have essential health care needs and are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay, for medically necessary care based on their individual financial situation. NVRH strives to ensure that the financial capacity of people who need health care services does not prevent them from seeking or receiving care.

Financial assistance is not considered to be a substitute for personal responsibility. Patients are expected to cooperate with our procedures for obtaining charity or other forms of payment or financial assistance, and to contribute to the cost of their care based on their individual ability to pay. Individuals with the financial capacity to purchase health insurance shall be encouraged to do so, as a means of assuring access to health care services, for their overall personal health, and for the protection of their individual assets.

Applications are available online at www.nvrh.org/patients-visitors/billing-financial/ or by calling 802-748-7518 or 802-748-7522, or at the Patient Accounts Office in the Business and Conference Center at NVRH.

Assistance Guidelines

- In accordance with financial need, eligible services under this policy will receive financial assistance based upon the federal poverty guidelines. The amount assessed to a patient will not exceed the amount generally billed to patients who have insurance coverage.
- The patient financial assistance may be applied against a six month coverage window. Patients 65 or older on a fixed income will have financial assistance applied for a twelve month period. When the period has closed, patients will be required to re-apply and based upon their financial status may have their financial assistance category adjusted.
- Catastrophic assistance is available.
- NVRH acknowledges extenuating circumstances may exist where an individual's income and assets may exceed program eligibility guidelines. Where these conditions exist, patients may submit a letter for consideration detailing the hardship.
- Cases which may require review for clinical necessity will be presented to the CFO for a decision on medical necessity.
- Patients whose applications are denied may appeal the decision. Requests for appeal should be sent to the Patient Financial Assistance Specialist in writing within 30 days of denial receipt and must clearly indicate the reason for appeal.
- Patients who qualify for assistance and who are cooperating in good faith to resolve their bills, may be offered extended payment plans on balances not covered by the Patient Financial Assistance Program.
- NVRH will not engage in extraordinary collection actions beyond adverse credit reporting to consumer credit reporting agencies. Reporting will not occur until 60 days have expired with the collection agency.

Application Process

- Patients who face financial hardship are encouraged to apply for assistance. Applications are available online at www.nvrh.org/patients-visitors/billing-financial/ by calling 802-748-7518 or 802-748-7522, or at the Patient Accounts Office in the Business and Conference Center at NVRH.
- Applications must be completed in full and be accompanied by all required supporting documentation.
- Incomplete applications will remain unprocessed until all information is received. If no response to our attempt to attain this documentation within 14 days the application will be rejected.
- Receipt of a completed application, documentation included, will begin a processing period where the financial status of the family will be reviewed. This will include a review of all family balances, medical necessity of service and an income and assets test.
- Requests for assistance will be processed promptly and NVRH will notify the patient applicant of a decision in writing within 30-42 days of receipt.
- NVRH will apply the adjustment financial assistance to all eligible services and subsequently bill the patient for any remaining balances.
