LET YOUR VOICE BE HEARD!

Do your loved ones know what your health care decisions are if you become unable to speak for yourself? Would knowing your plans make it easier for them to speak on your behalf and remove any gray areas?

Nearly 60% of people facing serious medical events, have no formal plan in writing. All it takes is a few minutes to outline the basics, and provide guidance for those who care about you.

Join us, Wednesday, April 15th in conference rooms 126 & 127 to discover what you can do to get your plans in place. Meet with the experts, get the paperwork, find out the quick and easy steps to file your Advance Directive.

Then, relax a little knowing your voice will be heard.
